

Types of Shelters

Use the clues below each animal to match each with the proper type of shelter.

Dog:

Dogs should be housed indoors where they can be safe and warm all year.

Cat:

Cats like places where they can play, climb, and sleep.

Rabbit:

Rabbits need large cages with enough room to move around and play in.

Lizard:

Lizards need cages with lots of heat and light.

Bird:

Birds need square-top cages (not round!) with lots of room to play and even fly.
